

FROM THE PASTOR'S DESK

The Old Harbour Road Church is a Christ-centered congregation of the Church God of Prophecy (COGOP) whose members embrace a mission to become **Fervent Followers of Jesus Christ**. Through its connection to the community, the local church serves as a place of healing and reconciliation for individuals and families as it unites with the world wide body of the COGOP in reconciling the world to Christ.

Through its approximately thirty ministries, the church ministers to hundreds of people; including a vibrant youth and children population weekly. The church's ministry activities are not only to its members, but also to the communities it serves as well as a growing online congregation.

It is our belief that as people respond to the gospel and come to faith in Christ, they must be set free from all demonic oppressions as well generational restrictions. As a discipleship movement, the church's mission as the redeemed community is to enable its people to live the new life. Hence, the church is rather deliberate in developing its liturgy to empower its members to impact their communities as witnesses of Christ.

In this regards, the church is a welcoming and empowering community for people of all walks of life who are looking for a place where they can grow and prosper spiritually.

Please join us physically at 41 Old Harbour Road, or on social media at the church's YouTube channel or on Facebook.
